

Recorder Practice Contract

Re: Recorder Practice Contract

It is important that, for a student of any musical instrument, practice be performed. Since recorder is a small part of a bigger curriculum, we don't expect as much time as if the student was taking private lessons. However, we do feel it is important that a student spends time at home working on the assigned material. There are two goals: to learn the fingerings necessary to play the recorder, and to learn to read notes in the Treble Staff. Please read the Recorder Class Rules together, and return the bottom portion of this page.

Thank you,

Mr. Zuill
