

Science in the News

Cut out a newspaper or magazine article about a science topic. Read the article and create a poster (11x14) that answers the following questions:

1. Title of the Article
2. What is your source?
3. Author?
4. What was the article about?
5. Who are the scientists involved?
6. What question are they trying to answer?
7. What branches of Science are involved?
8. The most interesting part was?
9. Would you like to work in this branch of science? Why or why not?

Be prepared to discuss your article with the class.
