

Dear Parents,

This year we will celebrate your child's birthday in a special way. We will accent the happiness of the day and the special uniqueness of the birthday child.

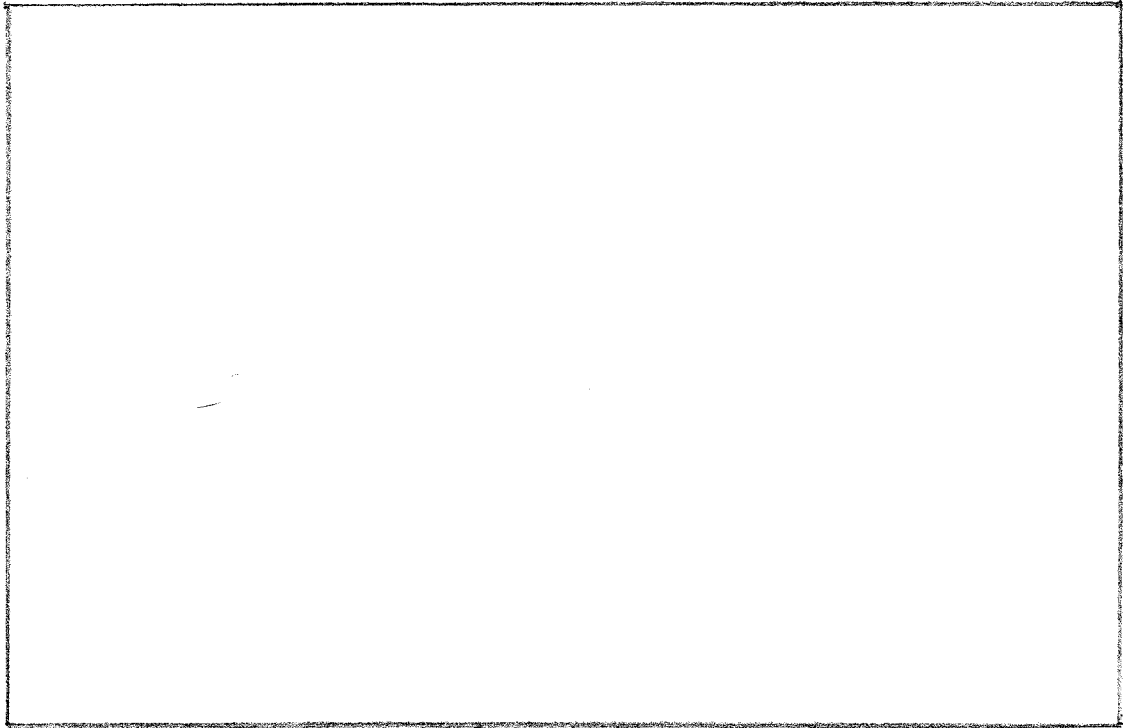

Please help your child complete the attached information sheet. You should interview your child and do the writing on the paper. Your child should draw and color a self portrait in the rectangle and write his/her name on the line.

Your child will share this information paper on his/her birthday and receive a traditional birthday crown. If you have any question, feel free to write a note. Summer birthdays will be celebrated at the end of the school year. We will send home a schedule in May. Please send in your child's form as soon as possible.

Thank you,

The Kindergarten Teachers
