Mountain High Chai Organic Tea

Chai is the Hindi word for tea. In recent years, Chai has come to mean the spiced tea sold in the streets of every Indian town by the chai-wallah, the chai man. We start with a great Indian tea (no cheap fillers!) and add pure, whole spices to ours. Try it with milk and honey! Mountain High has a wonderful balance of spicy flavors, full body and delicate sweetness.

Prepare it with a full boil steeping from 2-4 minutes depending on your flavor preference.

Peppermint Organic Herbal

The fresh, pure aroma of organic peppermint lifts your spirits and gives clarity of thought. Plus, refreshing peppermint also aids in digestion. The mint-after-a-meal custom dates back to ancient Rome, and has been a favorite cure for indigestion since Biblical times. With our Peppermint Organic, you can enjoy its health benefits and its gentle mint flavor that is both light and crisp, with a soft floral finish.

Steep for 1-3 minutes at a full boil.

Orange Sencha Organic Tea

East meets West in this Japanese green tea blend which has all the taste of a full leaf green tea. (Good green tea is green, not brown!) We add the flavor of famous Italian red oranges, which adds a tanginess to this Japanese favorite.

This sencha has a slight tanginess with a smooth body and a slight citrus flavor brought out by the orange flavor.

This tea should be steeped for 4 minutes with water slightly boiling.
