

Regrouping

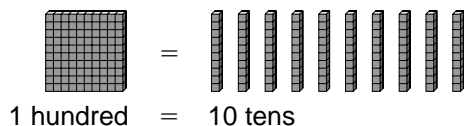

R 3-6

You can regroup from tens to ones and hundreds to tens by using place-value blocks.

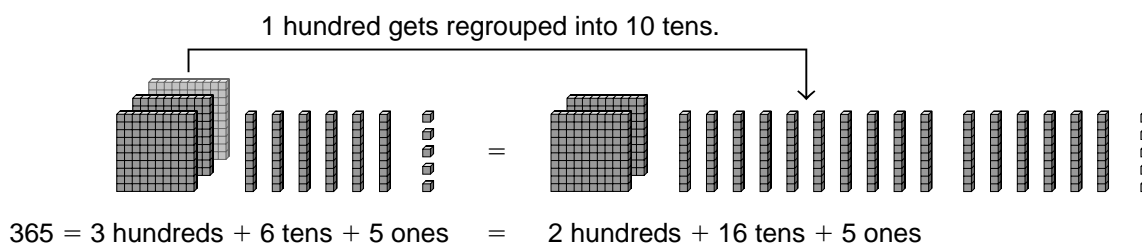

1 ten can be regrouped into 10 ones.

1 hundred can be regrouped into 10 tens.

Place-value blocks can also help you to regroup numbers containing hundreds or tens into numbers with tens and ones.

Regroup 1 ten for 10 ones. You may use place-value blocks or draw a picture to help.

1. $32 = \cancel{3}$ _____ tens $\cancel{2}$ _____ ones 2. $47 = \cancel{4}$ _____ tens $\cancel{7}$ _____ ones

Regroup 1 hundred for 10 tens. You may use place-value blocks or draw a picture to help.

3. $176 = \cancel{1}$ _____ hundred $\cancel{7}$ _____ tens 6 ones

4. $243 = \cancel{2}$ _____ hundred $\cancel{4}$ _____ tens 3 ones

5. **Number Sense** Explain why $249 = 1 \text{ hundred}, 14 \text{ tens}, 9 \text{ ones}$.
