

# Ms. Kathy's Fall Cut Outs #2

## Directions

Place the fold of  
the paper to be cut  
on the purple  
centered line.

Cut out on heavy  
black lines.

Tip: To enlarge,  
project this image  
on to craft paper from an  
opaque projector or elmo.

Make the crayon textured on the  
paper by coloring on a rough  
surface. Example, window screen  
sandpaper, artists canvas board.
