23. mono-one
24. graph-write or draw
25. epi-above, over, beyond

chronisubmisbiomes: living underwater creatures who keep their eyes stretched open looking for hated undersea predators like sharks.

Study Tips for the Quiz:

1. Memorize root words and their exact definition—Just has to be done.
2. Look up real words that contain root words from the above list. Figure out what the word's definition has to do with the root word. Example: repeat--means to do over again. The root "re-" means again. See the connection?
3. Combine roots to make your own words. Then, decide what the words would mean.
4. Review Previous Root Word Quizzes and, of course, Play **VOCABULARY SLAM!!!**
