

My Family
By Cassie N.

Do you think you would like to have a huge family? Well I have a huge family. My dad works for the airlines. He works for Northwest Airlines. My dad loads the ramps. He works eight hours straight. My mom had lost her job in June of 2001. She worked for a daycare. She said it was fun at the front desk. My dog Fred is part wolf. He is a black chow.

My sisters' names are Marissa who is four, Ella who is three, Anna who is one and Ashley who is 20. They like playing with their toys and Fred. My sisters are so annoying! They pull my hair and hit me! My sister Ashley lives somewhere else so she doesn't bug me. Did you know that my relatives live in Michigan, Arizona, Nevada and Florida? One of my grandpas lives with me. Like I said, I have a huge family. I love having a huge family anyways. So, would you like to have a huge family?

My Family Is Terrific
By Christopher Q.

My family is terrific. They are really terrific to play with. My dad watches TV with me and more fun stuff. My dad is one year older than my mom. My mom plays baseball with me. My mom plays all kinds of sports and other stuff. My grandma does the same things as my mom and dad. Sometimes we play together. Sometimes we play with the pitching machine.

My sister is mean to me but sometimes she is nice, because she helps me with my home work. My sister is in 7th grade. She is twelve years old and she fractured both of her arms. Have you ever fractured a bone? My sister made a baseball bat with me.

My family likes to travel. One time we went to Tennessee for a race. We also went to Kentucky, Ohio Cedar Point and Mackinaw Island. My family is so nice and terrific.

My family is awesome. My dad is in a band called Most Wanted. He plays the guitar. My brother Brady can run through a wall and not cry! He loves football. My other brother would cry no matter what! He loves baseball. They're almost four. My little sister, Georgia is kind of whiney. She'll turn two next October. A day before my dad turns 40.

All of my cousins are older than me. They youngest besides me, is in 6th grade. My mom doesn't work anymore. She used to work at a bank. My two cats are named Pokey and Rainy. Rainy is kind of like Carter. Scared of everything! Pokey's hobbies are killing animals, being pet and relaxing. My family rocks!

The Way My Family Is

I have a musical family. My family is the best. My family is bigger than the world. I have so many people in my family. My family is outrageous. They go nuts when they do something crazy. My family loves everybody. My dad has to drive eight hours to get to work. Meanwhile, I like everything about my family. My sister is hilarious. She even puts her sunglasses on up side down! My brothers are crazy. They run around and try to hit their head on things. I have a great singing voice. Oh, My Mom helps the animals. I love to write. I have a cat. She is nice. Her name is Showy. My dad makes books all of the time. He makes them at a factory.

That's all you need to know about my family.

My Family

My family is the best family a girl could ever have! My mom and dad are really nice, but my mom can go cuckoo. My dad's an author, and his new book came out on September 25! It's called The Secret Cardinal. He's also an architect, and he's working on a building right now. My mom does a lot of cooking and cleaning and more things than I can list here.

I also have three sisters and one brother. Marcia is the oldest and she loves to do art. She also loves to sew, and she loves it so much she makes her own costumes all the time. Then there's Kathleen. She's my second oldest sister, and she is so smart that she got to go to boarding school. The people at the office there are really nice, and just for little kids they have candy. I also have a little sister named Ainsley, and she is so annoying! She likes to ask me if she can go in my loft, or hold my hamster 50,000 times a day. Would you be annoyed by that? Well anyway, my little brother Tommy is four and a half and he's really annoying too. Whenever I'm at school, he goes in my room and steals my Webkinz. I bet you even have a pain to deal with.

I also have a dog named Maizey. She is very friendly and will never bite. She loves it when you pet and scratch and rub her tummy. Then I have Bob the goldfish. He's a big fat fish that loves to eat all of the food before the other fish.

I also have some favorite cousins named Brooke and Mallory. I love Brooke because she is so cute! She's really short and almost all the time she wants to be picked up. I love Mallory because she's really nice whenever I come over to her house in Georgia, or her cottage in Florida. We play together in her room, and outside with her walkie-talkies. We like to spy on the grown ups.

Now I want to tell you about my grandparents. My grandma Hopps is really cool because she taught me how to sew. When I was six, I saw her fixing a button on her coat, and I asked her what she was doing. She said "I'm sewing a button on my coat. Now go get some thread from your sister Marcia." That's how I learned to sew. Anyway, my grandma Grace is really nice because for our birthday, and Christmas, she buys us clothes! The clothes are great, but sometimes they're itchy. My grandpa Grace is really funny, and embarrassing. He says I like my cousin Drew, which is not true! He's funny because he can make jokes that will make you laugh for hours! Well that's my family for you.

My family is the best family in the world and here's why. My dad is a lawyer and my mom is working towards being a nurse. She has been in a health care job for 21 years. I have two golden retrievers. Their names are Spencer and Sadey. Spencer had cancer. It was depressing, but now she is better. I have one grandma and one grandpa. Grandma is sick and can't walk well but she is really nice. Grandpa can walk well and I really like him.

Our family goes to Mackinac Island every year. We go to the Grand Hotel pool every year. Last year in 2007 after our Mackinac Island trip, we went to Avalanche Bay in Boyne Mt. It is the biggest inside water park in the world. Literally! The arcade there is two stories tall. I earned a glass chess set. It was 683 points. A couple of years ago, we went to Cancun in the Mayan Country. Cancun is awesome! You can see why I think my family is the best family in the world.

I am the youngest person in my family. I would rather be the oldest than the youngest. Let me tell you about my mom. She loves jewelry and flowers. She takes care of our family. She makes good food and she cleans the home. My dad is an engineer. If something is broken he will fix it. Now I will talk about my dog. My dog is so protective and so playful. He is very sweet once you get to know him, and if you feed him. The cat is very playful and cute but mean. My grampa is the best because he has two X-Boxes, Playstation and X-Box Elite! I have played on all of them. They are so cool! Summer has played too but my sister Sierra has not. Summer and I play HALO 3. That is my family!

A Huge Family

By Cassidy D.

I have a huge family! My Dad works for Ford. He has to get up at 3:00 in the morning. My mom works for Combined Metals with my Grandma. It's lots of fun because whenever we got to see my mom at work, I get to see my Grandma too. In my family, I have two sisters and one brother. My brother tortures us! He hangs our stuffed animals from the ceiling! I really don't like it! My sisters are sweet. One of my sisters is 17 and she has her own car. My other sister is 9, turning 10 soon. She likes it when I play with her hair. She is also in dance. I also have three cats and one dog. One of the cats sleeps with me. Her name is Faith. She has white and black fur. The other two cats are boys. One of the boys sleeps with my sister and the other one sleeps with my Mom and Dad.

My Grandmas and Grandpas spoil us! They give us lots of candy. One of them took my sisters and me to ten stores one day!

My cousin is only one year old and her name is Emma. Emma likes to dance a lot. When ever my older cousin dances, Emma dances with her and follows a long. Emma's sister's name is Sydney. She is in cheerleading. Some times we get to go to her cheerleading games.

I have a lot of Aunts and Uncles. In fact, one of my Aunts just got married and now I have another Uncle. I love my family because they always take care of me.

My family is outrageously artistic. My dad flew C1-30's and B-52's. Now he flies for Northwest. Mom is a great artist, so my sister's and me are all great artist too. My dad made his own airplane called a Long EZ. Dad's Long EZ has a control stick and a throttle thing in the back and front. He was the co-pilot for C1-30's and B-52 stratofortresses. Mom is a designer, well trying to be. So she is working for Pearl Style. She used to make bracelets. She makes web sites now.

I play ice hockey and soccer. Allie, my sister, is 11 years old and plays soccer. Julia, my sister, is 14 years old. She plays field hockey.

We have three cats, 2 hamsters and one degu of my own, Bradley. Bradley's brother Whiskers died. Now I'll tell you about my cats. First I'll tell you Dakota, the kitten. She looks like a Siberian husky with green eyes. She is partially blind and she's a long hair cat. Now there's Spot. He's all black with green wyes. He is five years old and doesn't like Dakota at all. Then there's Bailey. She's fat and lazy.

Then there's those cousins. First there's Mike. He's really fun to make angry and tackle. There's also Chris. He's very fun. Then there's Brian. He coaches a hockey team. I also have aunts, uncles, and grandpas, like uncle Steve! He's a piano tuner and has a lot of instruments. Aunt Terry is an art teacher for the 7th and 8th grade. She and Steve live in New Jersey. We once made clay whistles. Nanna is 84 years old. Nono is 92 years old. They both live in South Carolina. They give us money. That's my family and I love them!

I'm going to tell you about my unusual family. My mom works for Pfizer in California! The Pfizer here got shut down, so they told her it would be best for her to work for Pfizer in California. My brother Evan and I are going to fly out to California on Christmas and in the summer.

My step mom and dad say really odd things like "schneitle-heimer" and other really unusual words. My dad works for Dupont. He travels a lot. His name is Eric Andrew Johnson. He is probably the funniest person in my whole family! He loves, loves, loves sweets. (Same with Evan and I which I will probably tell you about.)

I have a step mom. She is not an evil step mom like the step moms that you hear about in fairy tales. She is very nice! She is the general manager of a country club. We get a free membership every year because she is the manager. She works for an outdoor pool! There is a swim dive and synchro team. I do all of those things. I also do golf and tennis! I'm good at swimming and I placed 12th in the diving championships!

My really odd brother and I are lunatics. One time Evan told me something really funny and broccoli shot out of my mouth and hit the table. We were laughing so hard we couldn't breathe! Evan is 11 and I am almost 9. Evan loves to play soccer. He is in a soccer club.

Quinn is my baby brother. He is very cute, funny, fast at crawling and crazy, because when we get home from school he comes charging at us! Quinn is one. I've always wanted a sister. I want a baby sister and her name will be Madeline.

All of my hamsters that I had died. The one named Kelly, was evil! She would bite you really hard and it would bleed for 10 minutes! Tiny, my other hamster was very nice. Tiny was very cute. He was a dwarf hamster. They both died of old age. Buddy and Baxter were our dogs, but they died too. Buddy died because he had wobblers syndrome and he broke his leg. When I woke up, my mom was crying. I cried too once I saw Buddy. Baxter died because his face was looking poofy and he was an old dog. I have two new dogs. Their names are Whomper and Zena and they are Chihuahuas.

My cousin Dannie is very active. She is my favorite cousin because she is nice. Colin is weird and that is all I can say about him. Sidney is 16. She doesn't drive a car yet. I don't know when she will. Haley is 12 almost 13. Haley likes to play with her dogs and other stuff. Mike is my cousin too. He is 14 or 15. He's big and active. I have a lot of aunts and uncles. My aunt Lisa and my Uncle Mark are the best aunt and uncle I could ever have. They are always funny and always excited to see us. Uncle Brian and Aunt Beth own three Dairy Queens, a restaurant, and a meat market! Their children are Dannie, Sidney and Colin.

Aunt Deb, Aunt Roxanne, Aunt Becky and Aunt Jeanna are my step aunts. Aunt Jenny and Uncle Mike have two children named Halley and Mike. They live in Minneapolis.

Grandma and Grandpa Hernzy go way overboard on the presents and money thing! I like it! Once they gave us fifty dollars just for Christmas. They are really nice. Grandma and Grandpa Johnson are nice too. They have a ping pong table and an ice-cream closet in the basement. Grandma and Grandpa Thoney are my step Grandma and Grandpa. They have our old cats Crook and fuzz.

That is all my family members in my unusual and huge family!

My sister is in 10th grade. My sister's name is Radhika. She has green eyes. She is the only one in the family who has green eyes. My sister is nice to me, but sometimes we get into fights over what jewelry to wear because sometimes I want to wear a pair of earrings, but she wants to also. But the good thing about my sister is that sometimes when I'm sad she helps me feel better.

My grandma is 78 years old. She lives with us. Sometimes she goes to India and visits some of my dad's sisters. When she leaves I don't like it. My grandma is very nice. She is the best grandma in the whole, entire world.

I have lot of aunts and uncles and cousins! They live in all kinds of places like Portland, Dallas and India. Sometimes we go to visit them or they come and visit us. It's fun when they visit us. We go biking and jog and do a lot of other stuff. Sometimes we even play ping pong. I sometimes also like to play with my cousins. It's very fun playing with my cousins. Together we play board games. I love my aunts, uncles and cousins very much!

My family is FANTASTIC!
