

Mrs. King's Parsley Post

This Week in Fourth Grade

January 27, 2009

Issue 7

math

This week we are reviewing math concepts that were taught during the 1st two nine week periods.

1. Place Value (place, value, rounding, comparing numbers, problem solving).
2. Algebra (expressions, variables, solutions, balance equations, order of operations)
3. Graphs
4. Balance Scale
5. Function tables

A variety of review skills will be given for homework this week.

reading

Our first reading wheel should have been completed by January 26. Students should have completed 7 reading wheel products. Two of these products could have been an AR test. Your child's progress on their reading wheel will be sent home with report cards.

The reading wheel will be changing slightly during the third nine weeks. This will be posted to the website. Students will still be required to complete 7 products.

Dates to

Remember

- ☞ Mid-Year Reading Assessment—January 28
- ☞ Mid-Year Math Assessment—January 29
- ☞ Battle of the Books—Jan. 28 (2:30-4:00)
- ☞ Class Pictures—Jan. 30
- ☞ Movie Night—Jan. 30 @ 6:30 pm
- ☞ Report Cards—Feb. 2

It's that time of year....

Tissues are in great demand. Our class would greatly appreciate any tissue donations that you could make.

Our weekly reading story is "Maria Isabel" on page 384.

Welcome Ms. Murray!!

A letter was sent home on Friday, January 23, from our student intern, Ms. Lacey Murray. She is a great addition to our classroom and will be joining us until the end of April.

Planners

Planners should be signed each night. The title of the book your child is reading, the pages read during their 30 minutes of required reading, as well as a signature verifying your child has completed all homework should be included in the planner.

By including the book and pages, I can better monitor students' progress for their reading wheel products.
