Re: Athletic Participation

Your signature, in the space provided below, will be the schools' assurance that your child has your permission to participate in the following school-sponsored program (please check one):

Soccer Field Hockey Cross Country Basketball Baseball Softball Track

Participation includes all scheduled practices and games, both home and away. Transportation for away games is provided by the school athletic program. Transportation to practices and home games is the responsibility of parent/guardian of the athlete. Your signature also assures the school and the coach that you will pick your child up from scheduled practices and games at the appropriate time, and further that you will make arrangements for their transportation in advance if you are unable to pick them up on time.

Health insurance is the responsibility of the athlete's family as the school does not insure players against injury. Students must have a physical at least every other year and it must be on file on the Athletic Office. Ideally, your student athlete would have a physical during their 6th grade year and again sometime during their 8th grade year for high school.

My child has had a physical within the last 2 years **AND** an official record or notification is on file with the Athletic Office
