

Le Voyageur de Vanier

Juin 2009

Principal's Message

It is hard to believe that June has arrived so quickly and that we will be saying good bye to another group of Grade 8 students and wishing them well as they begin another chapter of their lives.

I would like to thank this year's Parent Council for being so supportive. They made sure our athletes had great looking uniforms to wear and be proud of, they helped with this year's first Winter Carnival and Valentine's Dance as well as supporting our Graduation Committee with funding for decorations and plaques.

I hope to have members returning next year and would also like to invite other parents to consider joining. We meet approximately 4 times a year and parental contributions of time and/or ideas are always welcome.

There are a number of great events scheduled for June including the Grade 7 trip to Montréal, the Track & Field meet June 3rd, Foire de la Francophonie KCVI for Grade 8s at KCVI as well as our ever popular Annual Frenchie Softball Tournament at Acadie June 22. As well, academics continue to be important throughout the entire month.

The final important activity is our Graduation Ceremony on June 23 from 6:30 to 7:30 PM with a boat cruise from 8:00 to 10:00 PM. All Grade 8 parents should have received

graduation information forms by now. I look forward to seeing everyone on that special night.

Have a safe and happy summer and take time to relax.

Jacquie Mallory

Summer Safety Days

On May 25 and 26, Module Vanier students went to Rideau Acres for an educational program called Summer Safety Days. The program taught students about the many aspects of staying safe during the summer. KFL and A Public Health, PUC, and many other organizations were there to teach us. We learned about alcohol abuse, and electrical and fire safety, among other things. The students were really grateful, had a great time, and now they are ready for a safe and fun summer!

Speeches

Each year, Vanier students practice their acquired French skills by writing a speech on the topic of their choice. Everyone presented their speech in front of their class and were assessed for an oral French mark. Then, each class voted for the two best speeches.

These two class winners then presented their speech in front of the whole school. We heard lots of

interesting speeches, from one on Miley Cyrus to one on global warming. Winners will be announced during our June assembly. Congratulations to all of the class winners!!!

Collaway golf

On May 11th, every Vanier class spent around 1 hour learning how to play golf. The instructor, Gary, taught everyone some new skills and special techniques. He showed us where our weaknesses were and where our strengths lie.

First, he told us all about the safety precautions that we should be aware of, since golf is one of the most dangerous sports! Then, for the students who had never played golf, he demonstrated the basic aspects of the sport. After that, we all got a chance to test our new found skills. Sure enough, there were many students who did amazingly well!

It was a great opportunity for all Vanier students to try something new and fun!
