Sheridan School District 48J
Student Technology Use Agreement
2008 - 2009

.udent: _____ Grade: _____ Teacher: _____

Student Section

I read and understand the *Technology Guidelines*. I know that if I choose not to follow these guidelines, I am choosing to face disciplinary action and the possibility of losing use of the District's technology resources.

A. Network/Internet Use

I read and discussed the *Technology Guidelines* with my child. I will emphasize to my child the importance of following rules for personal safety, and of informing a supervising adult if an inappropriate situation should occur.
I understand the District is not liable for loss of data, interruption of service or for any financial obligations arising from my child's unauthorized use of the system. I also understand I may be held financially responsible for any harm to the system which results from intentional misuse by my child.

Yes No **My child has permission to access the District Network and Internet with adult supervision.**

B. Web Publishing

Your child works on many projects during the course of the school year. From time to time we would like to post a sample of this work on the school's website. "Posting" on the web means your child's work is identified by first name and room (e.g., Jason, Room 3). Children may also be included in group photographs, e.g., choral performance, team picture, working in a group, etc., with the group being labeled (but not with individual student names). Work and/or pictures are posted for at least 4-5 weeks.

Yes No **My child has permission to have work and/or group picture to be posted on the school's website according to the guidelines explained above**

Yes No **My child has permission to have his or her individual photograph to be posted and identified by first name on the school's website.**
