Classroom Happenings

Brushy Creek Elementary

Second Grade

Homework:

Homework folders go home every night and need to be returned daily.

Monday - Assigned Reading

Tuesday - Homework packet goes home and needs to be returned the following Tues.

Nightly - Read aloud 20 minutes and study spelling and one-digit math facts as needed

Notes to Parents:

* Our field trip is 11/5. We'll be viewing [Under the Sea at the IMAX](#) and then heading over to [Waterloo Park](#) for a picnic lunch. Each class needs at least two parent volunteers. The cost is \$6 for parents.

* Parents, please go to the URL below to become a volunteer at Brushy Creek. This process will take 2-3 days to complete.

This is also necessary if you plan on [participating in field trips](#) or class parties.

Thank you so much for all you do!

The next time you visit the front office, please present your Driver License to be scanned into the volunteer database.

* Reports cards will be sent home on 11/3.

* 2nd Grade Website

<http://teacherweb.com/TX/BrushyCreekElementary/2ndgrade/index.html>

*Thursday, 11/5, award winning author Susan Stevens Crummel will be visiting BCE. If you would like to order an autographed book please send in your check and order form by tomorrow, Nov. 3rd.

*This Friday, Nov. 6th is International Children's Day. Thank you to all of you who have signed up to help with the booths. Feel free to send your child dressed up in attire representing different countries.

Language Arts:

Second graders are learning through classroom literacy stations. They're continuing to learn dictionary skills.

Someone or something trashed our rooms last week and we're writing a story to explain what happened! Ask your child if they're writing a Real, Imaginary, or Pretend story (RIP).

Math:

This week students are continuing a unit on money. They are learning how to count a handful of change.

Social Studies/Science:

Students will be learning about natural resources in communities and the environment around us.

Spelling:

The cvc+e spelling patterns are the focus this week.
