

How to Make Envelope Books

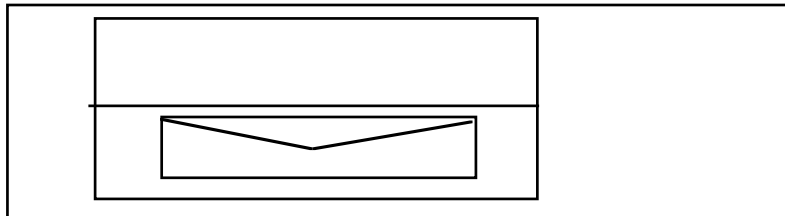

Take 5 sheets of construction paper.

Fold each sheet in half.

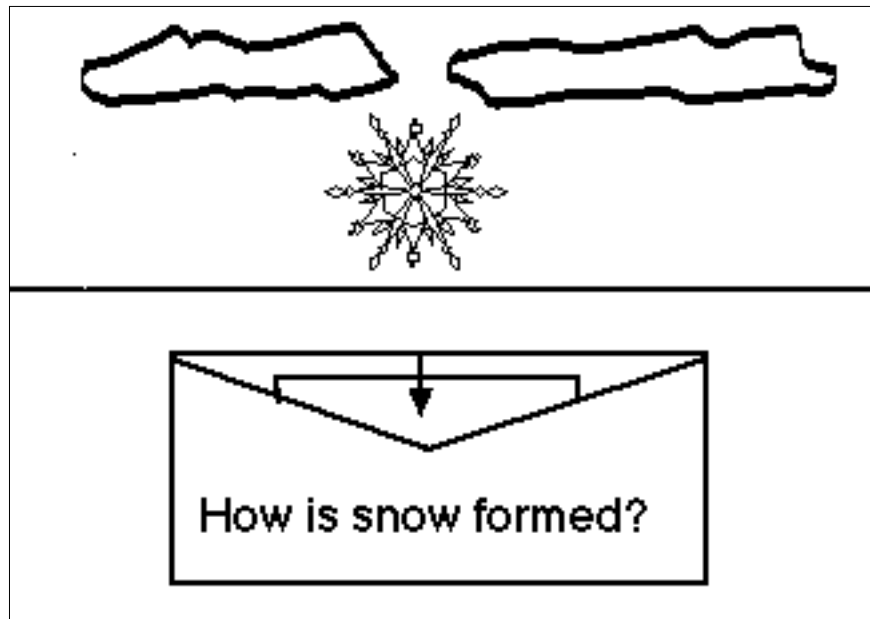

Glue the sheets together back to back.

Open the page. Glue an envelope to the bottom portion.

Illustrations

***Make sure not to use too much glue.**

Decorate the cover with designs using markers, glitter glue, or let the kids use their imagination to think of unique decorations.

Types of Envelope Books

Joke or Riddle Books

You put the riddle on the outside of the envelope and the answer on a slip of paper which goes inside the envelope.

Letter Books

You can make a book based on letters to characters in a book your students have read. On the outside of the envelope you write who am I. On the inside the student writes out a description of the character and his role in the book.

Science Question and Answer Book

Students write questions on the outside of the envelope. They write up the answer and place it on the inside.
