Students,

As a Pet Club member, you will have a scheduled time and day to work with the animals each week. Mark all options that you, the student, are available for Pet Club. I will let you know your assigned day and time after making the schedule.

Write a letter to me on the back of this application form:

1. tell me about your desire to be a Pet Club member and
2. what experiences you have had in working with animals.

Parents,

I have duties, meetings and other obligations before and after school (or I might be off campus from time to time.) For these reasons, it is very important that parents are trained with the students and are here to supervise students each time the Pet Club students care for the animals. I will contact you in August as to when the training will be. Please mark the chart to let me know when you are available to supervise the students.

There are other parent responsibilities that make a Pet Club run smoothly. Please check the items that you will be able to help with throughout the year.
