

“Math in My Life” Project

Due: _____ Name: _____

On poster board, show at least **twenty ways math is used in your life**. You may draw a picture, cut out a picture, print a picture from the computer, take a photograph, or use actual examples (i.e. sales slip, restaurant receipt, etc.). **All** pictures should have a short explanation written or typed below the picture (i.e. a picture of a waitress is used to illustrate figuring the tip at a restaurant). Your project will be graded using the following rubric (score sheet). You will receive five points extra credit averaged into the final grade if your parent grades your project using the following rubric and signs below the rubric.

		student	parent	teacher
20 examples of math (justify your choice)	60	_____	_____	_____
Math in My Life Title (on project)	5	_____	_____	_____
Name on front of project	5	_____	_____	_____
Student rubric completed	5	_____	_____	_____
Use of Color	10	_____	_____	_____
Neatness	10	_____	_____	_____
Questions on back	5	_____	_____	_____
Total grade	100	_____	_____	_____

My favorite part about this project
was_____

_____.

Something I would change about this project
is_____

_____.

something I learned from this project was

_____.

If I could do this project over, I would (something you
would do better)

_____.

How long did it take you to complete your project?__

_____.
