

The Treaty-Making Period

Lesson **1**

Activator

Worth Fighting For

Imagine that beings from another planet have come to Earth. The beings have come to teach Earthlings a better way to live. This better way to live does not allow for your traditions, beliefs, or even favorite activities. Write about one of the traditions, beliefs, or activities that you would be willing to fight for. Tell why this tradition, belief, or activity is important to you and why you would be willing to fight for it.
