

Animal Flip Book

1. Open AppleWorks Draw. Go to Format Document. Set 3 Pages Across and 2 Pages Down.
2. Copy a graphic. Paste it on the first page. Copy the graphic and paste it on the page. Take one graphic and flip it horizontally. Move the graphics until they are back to back. Hold down the shift key and click on both graphics, group them together. Copy and paste the grouped graphic on each page.
3. Use the rectangle tool with no lines to cover sections of the graphic. Look at the sample above.
4. Use the Rectangle Tool with lines to make boxes on the graphics. Select all go to Arrange and drag down to Lock.
5. Use the Text Tool to add text.
6. To print, first print pages from 1 to 3. Then turn the pages over and print pages 4 to 6.
7. Cut the graphics out. * Make sure to leave a little extra room to trim pages after you layer them and staple them in the middle.
